

This 2014 expanded and updated catalogue showcases the current entire range of products that New Zealand Insulators is offering ex-stock, in 2014.

There is an expanded range offering for DTR/Avon/Fulton and Payer with the addition of the all-new product range from GIG. The widest range of Cooper Bussmann fuses and carriers all distributed in New Zealand by NZI for Bussmann by EATON. We offer the most comprehensive range ex stock from our factory in Temuka and Auckland distribution centre.

You will also find an extensive range of NZI porcelain products, all made in New Zealand, including our range of NZI line posts.

As you will see, we've been working hard to expand NZI's range proposition beyond just porcelain insulators – although these definitely still form the core of our offer.

Wholesalers will probably find the NZI 2104 LV Pocket Book more useful – which has Trade Prices listed – and copies of the Pocket Book are freely available through NZI or via our website.

This 2014 catalogue is available as a PDF file both in its entirety, and by brand online at www.nzinsulators.co.nz. PDF drawings for many of the products can also be downloaded.

As our product range continues to evolve during 2014, we'll use the 'NZI Network Updates' in ElectroLink magazine, to update you on developments.

Thank you all for supporting New Zealand Insulators, our customers are definitely the central focus of our business.

It's good to be winning back some market share, its hard work and we certainly appreciate the support.

Freight & Order Size

There is no minimum order. All orders exceeding NZ\$1,000 excl GST are freight free New Zealand wide. Orders under \$1,000 are warmly welcomed, but we ask for a freight cost contribution, as per the most recent NZI Freight Rate Card – which is posted & updated on the home page of nzinsulators.co.nz. We do ask that whenever possible, orders be made in full-box multiples.

Wholesalers

Wholesalers can buy direct from NZI at Trade Price less a discount. The 2014 LV Pocket Book lists Trade Prices as they stood at 11/11/13. The freight-free threshold for Wholesalers (buying off Trade Price) is NZ\$300 excl GST. Wholesalers who also operate a Network Store need two NZI accounts.

Terms of Trade

Transactions with New Zealand Insulators are made under overarching 'terms of trade' which can be downloaded from the home page of nzinsulators.co.nz.
