WE WOULD LIKE TO SAY A BIG THANK YOU

To all the network companies — their field crews and contractors; the communities; the managers, team leaders and coordinators.

For the wider efforts of couriers, transport providers, materials suppliers, councils, emergency responders, fire departments, roading contractors and all those volunteers who pitched in during a time of need.

And finally to the team at New Zealand Insulators. Our 100-year history provides the ability and knowledge for us to “know what’s required” when these events strike, we know how important working in collaboration with our customers is at times like this and as expected, our NZI team focused on what needed to be done.

We are all proud to be part of this industry and proud of this NZI team for stepping up to support our industry at a time when so many are in need — *thank you.*

New Zealand Insulators proudly made in Temuka, South Canterbury, New Zealand.

Contact us now for information on our products, to receive samples, and/or request a quote on any of our NZI or agency products.
